EDUCATION

B.Tech. E&TC	2022-2026 SGGSIE&T, Nanded	8.72 (CGPA)
HSC	2021-2022 D.S.M. Jintur	73.83%
SSC	2019-2020 J.V.J. Jintur	98.40%

WORK EXPERIENCE

Edunet Foundation

April 2025 – May 2025

Artificial Intelligence and Machine Learning Intern

- Gained foundational understanding of AI, ML, and DL concepts like features, labels, and model training.
- Learned practical applications of Generative AI and Computer Vision through Azure tools, including Custom Vision and Neural Network-based deep learning models.
- Understood and implemented supervised and unsupervised learning techniques, with hands-on practice in classification, regression, and real-world applications using labeled and unlabeled data.

CodSoft

May 2025 – June 2025

Web Developer Intern

- Completed a web development internship at CodSoft, gaining hands-on experience in HTML, CSS, JavaScript, and responsive design.
- Built multiple real-world web projects, including landing pages, portfolios, and interactive web apps.
- Improved frontend development skills, code structuring, and UI/UX design understanding through practical tasks and feedback.

PROJECTS

Departmental Academic Portal | MERN

May 2025

- Built a full-stack Departmental Academic Portal using MongoDB, Express.js, React.js, and Node.js to streamline access to previous year question papers.
- Designed a user-friendly interface allowing students from 1st to final year to browse and download categorized PYQs efficiently.
- Implemented secure backend APIs for data storage and retrieval, ensuring scalability and smooth performance across academic batches.

Moody Player | MERN | <https://6889324b751ed31fa80668a0--statelty-dieffenbachia-6f39d9.netlify.app/>

July 2025

- Developed "Moody Player" – a full-stack MERN application that integrates Face API for real-time facial emotion detection via webcam.
- Engineered dynamic mood-based song recommendations using smart emotion classification and MongoDB- driven audio metadata.
- Optimized user interaction with seamless frontend-backend communication and responsive UI for real-time music personalization.

TECHNICAL SKILLS

Languages: Java, C, HTML/CSS, JavaScript

Tools: VS Code, Git, GitHub, Netlify, Render, Postman

Frontend: React, Tailwind, SCSS

Backend: Node.js, MongoDB, Express.js

LEADERSHIP/EXTRACURRICULAR

NSS | Coordinator

- Led and coordinated 5+ NSS events, managing meetings and a 30+ member committee to deliver impactful community service and academic programmes that promoted unity and engagement
- Maintained email correspondence with stakeholders and participants for smooth event execution.
